TMK28-10	7.5mm Mid Back L710mm	10
TWR22-20	8.5mm Wide Back L560mm	20

TRIDON

Plastic Back Combo Pack Pair

- ✦ designed for later model vehicles with varying refill width from driver side to passenger side
- ✦ contains: 1x6.5mm Narrow Back and 1x7.5mm Mid Back
- ✦ suitable for Daewoo, Mazda, Daihatsu, Mitsubishi, Honda, Nissan, Hyundai, Peugeot, Kia, Subaru, Lexus, Toyota

ARTICLE NO	DESCRIPTION	QTY
TCP2428-2	Plastic Combo Pair Pack	2

Heavy Duty Truck and Bus Wiper Refills

- ✦ designed for universal commercial vehicle applications
- ✦ dual plastic back suits both 8mm and 12mm width Wiper Blade claws allowing ease of installation to most commercial vehicles
- ✦ available in 3 lengths and are supplied with a stainless steel retaining clip

ARTICLE NO	DESCRIPTION	QTY
TTR24-10	610mm/24" Universal Refills	10
TTR28-10	710mm/28" Universal Refills	10

Metal Rail Wiper Refills

- ✦ manufactured from the highest quality materials to ensure a crisp clean wipe
- ✦ twin metal rail is based on O.E. design refills used by leading vehicle manufacturers throughout the world
- ✦ using high quality natural rubber the metal rail refill provides smooth, low noise wiping performance ensuring extended rubber life
- ✦ each style has scored metal rails at marked increments allowing for easy of installation to the required length.
- ✦ must be compatible with the vehicle Wiper blade; the Tridon Wiper range has been engineered to suit each specific application

Wiper Rubber Refills

- ✦ designed and manufactured to suit the next generation in Japanese Wiper Blade design (Japanese Spoiler Blades)
- ✦ manufactured from the highest quality materials to ensure a crisp clean wipe
- ✦ using high quality natural rubber with a unique graphite wiping squeegee, the rubber refills provide smooth, low noise wiping performance ensuring extended rubber life and UV protection.
- ✦ available in 2 moulded profiles and lengths, the 2 profiles have been developed to suit 2 styles of OE curved metal rails. The OE metal rail thickness varies between Blade lengths
- ✦ must be compatible with the vehicle Wiper blade; the Tridon Wiper range has been engineered to suit each specific application

Note: These Tridon rubber refills have unique moulded rubber profiles and must be used in conjunction with OE offset curved stainless steel rails.

Wiper Rubber Refills Rubber Only

MRJ20

Blades to 500mm (20")
Metal rail thickness 0.8mm

MRJ28

Blades 525mm (21")
to 700mm (28")
Metal rail thickness 1.2mm

ARTICLE NO	DESCRIPTION	QTY
TMRJ20-20	Suits 0.8mm rails L500mm	20
TMRJ28-20	Suits 1.2mm rails L700mm	20
TMRJ2028-2	1x suits 0.8mm and 1x suits 1.2mm rail	2

Metal Complete Wiper Blade

Each blade comes complete with adaptors to suit various arm style designs

- ✦ low profile low lift design uses a galvanised zinc steel frame and stainless steel rivets for maximum corrosion protection, along with plastic bushes for a smooth operation, less noise and longer service life
- ✦ available in 15 lengths, from 280mm (11") to 710mm (28")
- ✦ refill can be interchanged with Tridon narrow back refills in either metal rail or plastic once the original refill has reached the end of its service life
- ✦ must be compatible with the vehicle's original Wiper blade; the Tridon Wiper range has been engineered to suit each specific application

Wide range of adaptors included to suit most arm styles

FlexBlade™ Complete Wiper Blade

FlexBlade
TRIDON

Advanced Rubber Technology:

- **Synthetic Rubber Upper-body**
 - Resists permanent set deformity
 - Performs better in extreme hot/cold temperatures
 - Better rubber resists tearing
- **Natural Rubber Wiping Edge**
 - Superior wipe quality
 - More flexible in cold temperature
- **New Protective Coating**
 - Smoothing agent bonded to rubber
 - Will not rub off
 - Smoother and quieter wipe
 - Protects rubber from ozone, UV, fluids, oil and abrasion
 - Long lasting wipe

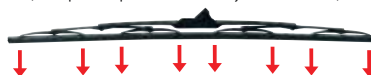

FlexBlade Advantages:

Even pressure distribution on the complete blade on the screen

VS

Conventional steel blades with limited pressure points
(Blade pressure points determined by number of claws)

- ✦ FlexBlade™ range offers the latest in European Wiper technology manufactured from the highest quality materials to ensure a crisp clean wipe
- ✦ design and construction ensures increased performance over traditional steel blades, using unique flexor strip to deliver even pressure distribution across the windscreen
- ✦ using high quality natural synthetic rubber upper body, natural rubber wiping edge with protective rubber coating, Tridon FlexBlades provide a smooth, low noise wiping performance and ensure extended rubber life and UV protection
- ✦ must be compatible with the vehicle Wiper system
- ✦ available in 4 arm styles, including direct fit replacement and hook upgrade from conventional steel blades
- ✦ engineered to suit each specific application

NOTE: Hook upgrade applications are only recommended for vehicles manufactured after 2000

Lacquer Spray

- ✦ superior coverage, high gloss and fast drying
- ✦ free of heavy metals - lead, cadmium, chrome
- ✦ CFC free
- ✦ wide range of uses - can be applied to metal, wood, glass, stone, clay and some plastics
- ✦ fast drying: at 20°C
- ✦ dust dry in 5-10 mins
- ✦ touch dry in 30 - 40mins

Grey Primer

- ✦ for use on metal, wood, glass, stone and plastic
- ✦ suitable for all metallic surfaces that do not need to be painted over
- ✦ especially suited for mig and spot welding
- ✦ high zinc content provides long-term seal
- ✦ weather resistant
- ✦ CFC free.
- ✦ does not contain lead, cadmium, chrome.

ARTICLE NO	DESCRIPTION	CONTENTS	QTY
WCP400G	Grey Primer	400ml	1/6

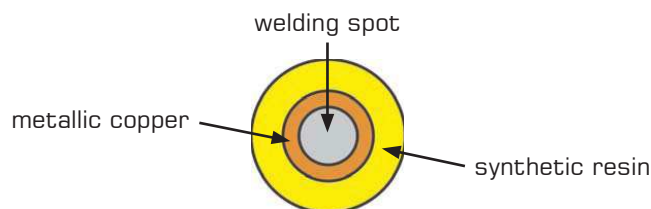

Premium Zinc

- ✦ effective single-coat anti-corrosion weld thru primer
- ✦ suitable for all metallic surfaces that do not need to be painted over
- ✦ especially suited for mig and spot welding
- ✦ high zinc content provides long-term seal
- ✦ touch dry in 10-15min, safe for handling in 30min
- ✦ weather resistant
- ✦ CFC free.
- ✦ does not contain lead, cadmium, chrome.

ARTICLE NO	DESCRIPTION	CONTENTS	QTY
WCP400Z	Prem. Zinc Weld Thru Primer	400ml	1/6

CU Weld Spray L233

- ✦ copper and spot-welding sealer for spot and protective mig welding
- ✦ improves contact
- ✦ protects welding spots and sheet metals from corrosion
- ✦ contains 50% copper metal
- ✦ can be welded wet and dry
- ✦ applicable on almost all kinds of ferrous materials (steel, zinc-plated steel)
- ✦ **CANNOT BE PAINTED OVER, de-grease any CU overspray before top coating**
- ✦ temperature resistance of the paint (dry film) is approx. 60°C (starting adhesion); from approx. 450°C the synthetic almost completely evaporates. a pure copper coat remains. The temperature resistance is approx. 600°C.

APPLICATION FIELDS:

Car bodies, containers, housings, coverings, casings etc

ARTICLE NO	DESCRIPTION	CONTENTS	QTY
F6204 2200	CU Weld Spray	400ml	1/12

Welding Anti-Spatter

- ✦ protection of weld beads and workpieces and prevents sticking of welding particles
- ✦ corrosion-protection
- ✦ suitable for all welding processes
- ✦ silicone-free

Cavity Wax

- ✦ high viscosity
- ✦ preservative agent for automobiles, agricultural machinery and metallic surfaces
- ✦ mineral oil based formula
- ✦ colour: gold

APPLICATION:

- ✦ superb adhesion and excellent corrosion protection properties provide longer service life of metal surfaces to be treated
- ✦ for sills, pillars, braces, doors and other body cavities
- ✦ remove coarse rust, dust and grease, if necessary remove panelling/ covers.
- ✦ shake vigorously before use. spray evenly onto parts to be treated.
- ✦ caution: do not spray on rubber parts, power windows.
- ✦ immediately remove splashes on exterior paint surfaces with petrol.

UBS Stoneguard Black L253

- ✦ fast drying body protection, based on rubber material
- ✦ long-term elastic, stone guard protection and road salt-resistant
- ✦ overpaintable
- ✦ protects spoilers, sills, wheel arches, floors etc against stone impact and corrosion
- ✦ free of aggressive solvents, does not affect PVC
- ✦ considerably increased corrosion protection due to zinc additives
- ✦ rust formation is prevented or delayed due to zinc ions

TAUS412TS	Tyre Shine Sil Free	438ml	1/12

Industry Cleaner

- ✦ strong, solvent based product
- ✦ designed specifically for effective removal of adhesive residues on glass and metal surfaces as well as industrial and machine parts
- ✦ can be used for the removal of other contaminants such as wax, oily films and silicone residues
- ✦ aerosol format provides ease of application

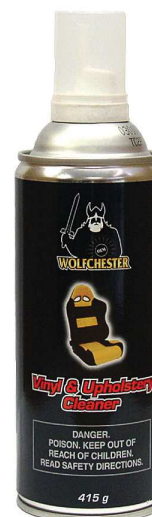

ARTICLE NO	DESCRIPTION	CONTENTS	QTY
TAUS384IC	Industry Cleaner	465ml	1/12

Vinyl & Upholstery Cleaner

- ✦ removes dirt from vinyl surfaces including seats & vinyl trim
- ✦ restores vinyl sheen and leaves a protective coating that will help repel dirt and grime
- ✦ useful as a spot remover on vinyl, cloth, leather surfaces and carpets

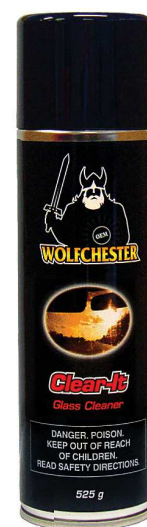

ARTICLE NO	DESCRIPTION	CONTENTS	QTY
TAUS415VC	Vinyl & Upholstery Clean	429ml	1/12

Clear-It Glass Cleaner

- ✦ fast-acting, foaming, grease and smoke-film cutting product
- ✦ easy-to-use aerosol format
- ✦ quickly cleans all glass and mirror surfaces without leaving streaks, films or haze
- ✦ can be used in automotive, marine, shop and household applications

ARTICLE NO	DESCRIPTION	CONTENTS	QTY
TAUS525GC	Clear-It Glass Cleaner	554ml	1/12

"Formulated by Professionals for Professionals"

Airfresh

- ✦ for the removal of bad odour that is in air conditioning and heating systems or in the vehicle interior caused by bacteria with the aid of an atomizing active agent
- ✦ counteracts allergic reactions and leaves fresh fragrance

ARTICLE NO	DESCRIPTION	CONTENTS	QTY
F6710 0849	Airfresh	150ml	1/12

Screenwash Concentrate R536

- ✦ high concentrate 1:100
- ✦ removes insects, grease and silicone
- ✦ does not affect rubber, paint or plastic parts
- ✦ can be mixed with all windscreen wash and frost-protective additives
- ✦ safe for use with polycarbonate fresnel/ diffuser panes

F6164 0790	Screenwash. Concent. R536	25ml	1/25

MS-Polymer Multi-Texture Sealer K128

- ✦ high-strength
- ✦ ideal as a layering material for the bridging of wide seams and also suitable as a sealant
- ✦ can be sprayed and brushed which enables replications of original finishes
- ✦ overpaintable "wet-on-wet", achieves an excellent instant adhesion during the painting process with solvent and waterbased paints without retouching up to at least 3 days
- ✦ can be spot welded, solvent-free, UV-resistant, non-fading and odourless
- ✦ silicone-free

EXAMPLES OF APPLICATION:

sealing seams, extensive application for partial replacement of underbody structures, boot, wheel arches, structural seams in engine compartment, chassis etc.

Replacement nozzles:
F6010 6365

ARTICLE NO	DESCRIPTION	CONTENTS	QTY
F6630 6350	Spray Sealer K128 GREY	310ml	1/24
F6630 6355	Spray Sealer K128 BLACK	310ml	1/24
F6630 6356	Spray Sealer K128 BEIGE	310ml	1/24

MS-Polymer Multi-Texture Sealer "Soft" Grey K125

- ✦ 1k-sealer with pop polymer and "soft structure" for bodywork, container and vehicle constructions etc
- ✦ ideal as a layering material for bridging wide seams and as a sealant
- ✦ excellent adhesion
- ✦ can be sprayed and brushed which enables replications of original finishes
- ✦ overpaintable "wet-on-wet", achieves excellent instant adhesion during the painting process with solvent and waterbased paints
- ✦ if not painted within 5 days treat with adhesion agent promoter: F6220 2555
- ✦ suitable for many substrates, eg. zinc, aluminium, steel, metal sheets and painted metal
- ✦ can be spot welded, solvent-free, UV-resistant, non-fading and odourless
- ✦ silicone-free, free of cyanide

EXAMPLES OF APPLICATION:

sealing seams, extensive application for partial replacement of underbody structures, boot, wheel arches structural seams in engine compartment, chassis etc

Replacement nozzles:
F6010 6365

F6220 2555

Adhesive Sealer 1K-PUR, K126

- ✦ strong polyurethane based adhesive sealant for long-lasting adhesion and sealing
- ✦ overpaintable after approx 45 mins
- ✦ brushable
- ✦ temperature resistant from -40°C to + 90°C, for a short time up to + 120°C

ARTICLE NO	DESCRIPTION	CONTENTS	QTY
F6630 6500	1K-PUR Adh. Seal. K126 BLACK	310ml	1/24
F6630 6501	1K-PUR Adh. Seal. K126 WHITE	310ml	1/24
F6630 6502	1K-PUR Adh. Seal. K126 GREY	290ml	1/24

Replacement nozzle:
F6015 8270

MS-Polymer Adhesive Sealer "Soft" K138

- ✦ extremely adhesive, elastic seam and joint sealant
- ✦ non-fading, UV-resistant, weather-proof, solvent-free
- ✦ "wet-on-wet" and overpaintable for up to 5 days
- ✦ silicone-free

APPLICATION:

Adheres very well to sheets (plain, primed, galvanized, varnished), stainless steel, brass, aluminium (rough, anodised, varnished), to almost all plastics (tests recommended), glass, wood and ceramics. Immediately overpaintable after skin formation (10 - 15 mins)
